January 31, 2006

TO: T.N. Treschuk, Chief of Police 

FROM: Jan Seilhamer, Community Services Officer

SUBJECT: Quarterly Report

The following is the fourth quarterly report of 2005, summarizing current concerns voiced by the community, potential problems that have a bearing on law enforcement activities within the community, and recommended actions that address previously identified concerns and problems.

### **1-A Concern Voiced by the Citizens of the Harrington Road/Crothers Lane Neighborhood**

Residents are concerned about the increase in crime in the neighborhood. Residents are concerned about possible illegal activities of a known individual in their neighborhood.

### **1-B Potential Problems that have a Bearing on Law Enforcement Activities within the Community**

Increase in crime can make residents fearful to leave their homes and leave them with a sense of insecurity about their safety.

### **1-C Statement of Recommended Actions that Address the Concern/Problem**

It is recommended that Neighborhood Watch be revitalized in the community. Often, when there are no perceived problems in the community, citizens often lose interest in being proactive in crime prevention. Meetings should be held with members of the community stressing the importance of Neighborhood Watch and informing them of the importance of reporting suspicious activities in their neighborhoods.

### **1-D Statement of Progress made toward Concern/Problem**

Two informational meetings have been held with the community about the function of Neighborhood Watch. The meetings were well attended. Informational brochures about Neighborhood Watch were distributed, as well as information about reporting crime. The residents were informed of the importance of reporting suspicious activity and were advised how to report a crime or suspicious activity.

**2-A Concern Voiced by the Community**

Citizens of the Twinbrook Community report being approached by individuals aggressively panhandling at the Twinbrook Shopping Centers. Merchants of the shopping centers report being fearful of some of the individuals panhandling. They advise that individuals sometimes enter the businesses asking for money and are sometimes intoxicated. Residents are also concerned about the general appearance of the shopping center.

**2-B Potential Problems that have a Bearing on Law Enforcement Activities Within the Community**

Residents become fearful of shopping in their own neighborhoods. This can also be bad for the businesses, as employees fear for their safety when these individuals enter the businesses.

**2-C Statement of Recommended Actions that Address the Concern/Problem**

Pre-signed trespass letters should be obtained from the property managers of Twinbrook Shopping Center and Twinbrook Mart. The pre-signed trespass letters will enable law enforcement officers to serve the letters on individuals who are harassing citizens or taking part in illegal activity. Once served, the individuals will not be able to return to the shopping center for 3 years. Regular contact should be made with the business proprietors and property managers to work towards a solution to the problems faced by the shopping centers.

**2-D Statement of Progress Made Toward Concern/Problem**

Pre-Signed trespass letters were obtained from the property managers of both shopping centers. Several individuals have been served with the letters due to a variety of offenses. The Community Services Officer maintains regular contact with the proprietors of the Twinbrook Shopping Center and Twinbrook Mart to determine what, if any, law enforcement actions should be taken. Inspection Services makes routine patrols of the area to ensure compliance with City Code.

**3-A Concern Voiced by the Community**

Residents of King Farm are concerned about a recent homicide and incidents of vandalism and graffiti.

**3-B Potential Problems that have a Bearing on Law Enforcement Activities Within the Community**

A homicide in any community can make residents feel unsafe in their community. Additional crimes, such as vandalism and graffiti, can compound the problem and bring pressure on law enforcement to bring "closure" to the problem at hand. Vandalism and graffiti can also have a financial impact on the victims of these crimes.

**3-C Statement of Recommended Actions that Address the Concern/Problem**

As always, citizens should be encouraged to contact police should they observe any suspicious/illegal activities. Graffiti should be removed as soon as possible. Vandals have mostly targeted vehicles. Residents should be encouraged to park their vehicles in their garages if possible, or in well-lit areas.

**3-D Statement of Progress Made Toward the Concern/Problem**

Cpl. Nieberding, the Rockville City Police Department Gang Coordinator, investigates all incidents of graffiti within the city limits of Rockville. Cpl. Nieberding was able to identify and charge two juveniles in several incidents of graffiti. Neighborhood Watch is in the process of being restructured. Due to the growth of King Farm, it is highly desirable to have at least four coordinators for the program to keep the Neighborhood Watch program successful. An informational meeting was held to discuss the function of Neighborhood Watch and to recruit volunteers for the program. Quarterly meetings are held to identify problems within the community and discuss ways to improve or eradicate the problem. The Directed Patrol Unit has conducted additional patrols in an attempt to locate the individual(s) who have been committing the acts of vandalism. Corporal Ron Merritt has been permanently assigned to the Town Center/King Farm community to address concerns from residents and businesses. Cpl. Merritt maintains regular contact with the businesses in the King Farm area to address their needs and help deter crime. Cpl. Merritt also maintains regular patrols in his vehicle, or on bicycle, as weather permits.

**4-A Concern Voiced by Citizens of the Security of Mark Twain Park**

Several members of the community were concerned about the safety/security of Mark Twain Park. City-sponsored athletic events are regularly held at the park. Residents requested information as to how to make the park more safe/secure.

**4-B Potential Problems that have a Bearing on Law Enforcement Activities Within the Community**

If members of the community “perceive” a problem with the park, then they will most likely avoid the park. City parks are meant for members of the community to enjoy, and they should feel safe when at city sites.

**4-C Statement of Recommended Actions that Address the Concern/Problem**

A Crime Prevention Through Environmental Design Study (CPTED) is recommended to discuss measures that can be taken, if needed, to make citizens feel secure when using the park.

**4-D Statement of Progress Made Toward Concern/Problem**

A Crime Prevention Through Environmental Design Survey was conducted, and the recommendations were forwarded to the Director of Recreation and Parks, Burt Hall. Minimal changes were needed. The survey is kept on file for citizens to see the recommendations.

At approximately 0645 hrs this writer observed a homeless person known as Richard Buckingham, 2/M, DOB: 17 May 47, enter the Rockville Center Deli, of which Mr. Hong (Owner) advised Buckingham had been coming into the deli and looking thru the trash for food. A trespass letter was issued to Buckingham for the deli.
3. 8 Feb, met with Betsy Thompson and Steve Nader from City Parks and Recs department to discuss possible joint use of facility at King Farm as Police Service Center. The facility was determined unsatisfactory by police supervisors based on the geographical location of the building within the King Farm community.

4. 8 Feb, received complaint of traffic complaint at the intersection of Piccard Drive and Royal Crescent. The complaint was based on poor visibility at the intersection due to traffic pattern, plants in median and a vehicle (monster truck) parked in violation of the no parking sign. This intersection was checked on 8 & 9 Feb, during various times of the day, where this writer observed no current obstruction to the intersection due to pattern or obstruction by foliage. The described vehicle was present: Ford F250, MD Tag 24R262, which was legally parked on Royal Crescent. I will continue to monitor this location for parking violations at this intersection.

Dear Chief Truschek:

I want to thank you personally for the assistance your agency has given the Kent County Sheriff's Office (KCSO) as we seek our first reaccreditation from the Commission on Accreditation for Law Enforcement Agencies (CALEA) in April 2006. The KCSO was initially accredited in November 2003.

On Tuesday and Wednesday this week, February 7 and 8, 2006, Lee Potter of your staff joined two other assessors from the Chesapeake Region Law Enforcement Accreditation Alliance in conducting a mock assessment for the KCSO.

Mr. Potter was an essential member of the team, contributing significantly to the comments that we are now working our way through to improve our preparedness. As a result of the team's efforts, I am confident that we will have a successful on-site in April and that our files and operations will be better for the excellent input we received during the mock assessment.

Thank you for your cooperation in helping the Kent County Sheriff's Office achieve reaccreditation. If we can be of assistance to your agency in the future, please do not hesitate to contact me.

Sincerely,

Lew Dronenburg  
Glenview Mansion  
603 Edmonston Drive  
Rockville, Maryland 20850

Dear Mr. Dronenburg: *Lew*

On behalf of Linkages to Learning and our staff, I'd like to thank you for allowing us to use the Mansion last week. The beautiful facility was the perfect setting for a staff celebration. We have wonderful, dedicated people who work in Linkages and we try to find unique ways to thank them for the great jobs they do. Holding the event in such a beautiful facility sent them the message that they are highly valued. As you've done in past years when planning our Mothers Empowerment Teas, you were extremely helpful deciding exactly what would work best. Also, your staff continue to be pleasant and ready to lend a hand during the set up and clean up stages.

Again, we appreciate your generosity and the very helpful nature of you and the your staff. Our party was a great success and we couldn't have done it without the assistance of the City of Rockville. We all enjoyed a great kickoff to 2006!

Sincerely,

Ilene Sparber, LCSW-C
